**Falcon Oil & Gas Ltd. holds Annual & Special Shareholder meeting**

22 June 2016 - Falcon Oil & Gas Ltd. (TSXV: FO, AIM: FOG, ESM: FAC) held its Annual & Special Shareholder meeting ("**AGM**") in Calgary, Canada yesterday.

All of the resolutions considered and voted upon by the shareholders were approved. The full text of each resolution was included in the Management Information Circular communicated in advance of the AGM to shareholders.

Management presented an operational update on Australia confirming the following:

- Operations to re-enter the horizontal Amungee NW-1H well have commenced
- The Company's operating partner, Origin, expects the running of production casing and cementing on this well to be completed by the end of June
- A multi-stage fracture stimulation programme to test the Middle Velkerri "B" shale reservoir will be performed on Amungee NW-1H by the end of July, followed by a 90 day production testing program
- Civil works at the Beetaloo W-1 vertical well commenced mid-May 2016
- Spudding of this well will take place in July after the rig is released from the Amungee NW-1H well.

The presentation is available on the Company's website ([www.falconoilandgas.com](http://www.falconoilandgas.com)). No further new material information was disclosed in this presentation.

John Craven stepped down from the Board with effect from the AGM date.

**JoAchim Conrad commented:**

"On behalf of the Board, I would like to sincerely thank John for his supportive contribution as former Chairman and non-executive Director of Falcon since joining the Board of Directors. I wish him well in his future endeavours."

**John Craven, commented:**

"After many years as a Director of Falcon, I now step down from the Board. I believe the Company has a strong platform on which to build value across its portfolio. I wish the Board and Management every success for the future."
